

Manzanilla Pasada **Solear** *en Rama*

BASIC DATA

Area or Designation of Origin: D.O. Manzanilla Sanlúcar de Barrameda

Type of wine: Manzanilla

Grape variety: Palomino Fina 100%

TECHNICAL CHARACTERISTICS

Alcohol Content: 15.0% vol.

Total acidity: 4.0 ± 0.5 g/l tartaric acid

pH: 3.3 ± 0.1

Sulphurous total: Less than 50 mg/l

Allergens: Sulphites

VINEYARDS AND HARVEST

Vineyard: Gibalbin and Santa Lucía vineyards in Jerez Superior

Number of hectares: 500 hectares

Vineyard age: 30 years old

Yield: 9.500 kgs/hectare

Pruning: Double cordon

Harvest style: Manual in bulk

Start date: Usually midway through August

PRODUCTION AND AGEING

Type of ageing: Biological

Ageing System: Solera (A dynamic system allowing the fractional blending of younger wines in to older wines.)

Ageing period: 8 years

Location of cellars: Sanlúcar de Barrameda

Ageing cellars: 550 casks in two classes, in El Potro cellar. The second class is refilled with Solear which already has 6 years of ageing. For each 'saca' (extraction from the cask for bottling) we choose 15 casks to bottle 1500 liters.

Type of cask: Butt (500L) American oak

Bottling date: 20/06/2025

Production Process: Once the fermentation of the Palomino must has finished, the most delicate of the wines are chosen and are fortified to bring the alcohol content up to 15% vol. The result is known as 'sobretablas', and this wine is destined for ageing in cask where it will develop a veil of yeast on the wine's surface called the flor.

Over time, the flor, formed by yeasts of the *Saccharomyces Cerevisiae* genus, transform the young wine into Manzanilla.

This Manzanilla is bottled four times a year, one for each of the different seasons. The different weather conditions of each season affect the growth of the flor and thus the flavour of the Manzanilla can vary depending on the time of year.

THE SARGO COMÚN

In summer, the sea bream swims in the waters of Doñana. Its silver body moves agilely among rocks and algae, foraging for food and taking advantage of the warm waters.

TASTING NOTE

Manzanilla with great intensity and character, due to the high rainfall and mild temperatures in Spring which give more complexity to the biological ageing.

SERVING SUGGESTIONS

With its golden yellow colour and its light, fragrant aromas, this pleasantly dry Manzanilla is the perfect accompaniment to tapas, appetizers and a range of starters such as Spanish cured ham, artichokes, asparagus, cold and hot soups, shellfish, salmon and herrings. Its unique flavour makes it the perfect accompaniment to a range of other foods such as nuts, cod soufflés, melon with cured ham and mild cheeses. Particularly good with caviar or anchovies as the Manzanilla imparts fresh and delicate flavours to counteract their saltiness.

FORMAT

375 ml. bottles in boxes of 6.
