

Barbadillo

Vi

rosado
frizzante

BASIC DATA

Type of wine: Partially fermented grape must.
Frizzante rosé.

Grape variety: Grenache

Alcohol content: 6.5%vol

ANALYTICAL CHARACTERISTICS

Alcohol content: 6.5 % vol

Total acidity: 5.0 g/L

pH: 3.0

Sugar: 100 g/L

Residual sulphites: < 150 mg/L

Allergens: Contains sulphites

VINEYARDS AND HARVEST

Type of vineyard: Autochthonous grenache, mostly rainfed with occasional support from drip irrigation.

Soil type: Sandy and gravelly.

Yield: 3.500 Kg/Hectare

Harvest type: Hand-harvesting for the gobelet system and mechanical harvesting for the trellis system.

Rainfall: 300 mm/anales

Average temperatures: 14.74 °C.

TASTING NOTES

APPEARANCE: Pale pink colour, transparent and bright.

NOSE: Full of fresh aromas, berries and flowers.

PALATE: Gentle with sweetness balanced and delicate bubbles.

PAIRING: Pasta, pizza, vegetable and rice dishes.

Despite its low alcohol content, VI Pink maintains a texture, colour and aroma that is very similar to that of other wines. For this reason, it will surely stand out from other light, fruity, low-alcohol wines currently on the market. This is thanks to the fact that contrary to de-alcoholised beverages which are submitted to a process of alcohol extraction, the fermentation process in VI is simply halted when it reaches the desired alcohol content.

FORMAT

75cl bottle in boxes of 6.
