

BARBADILLO ROSADO

Barbadillo is a family business founded two hundred years ago. Since 1821, we have been cultivating our vineyards in the lime-rich chalky soils of the Marco de Jerez sherry region, in which we produce grapes for a wide range of wines. The wine you are holding in your hands has all the fresh rosé fruitiness of the red grape.

VINIFICATION

A delicate process lets us extract all of the from the grape without dyeing the must. It is like making a white wine from red grapes. The fermentation is done in a way that reveals the freshest aromas of red fruits and flowers. Working with the lees helps to build a mouth with personality and lots of flavour.

TASTING NOTES
